**SUPPLEMENTARY UPDATE**

for the planning applications to be discussed at the

**Strategic Planning Committee**

**15 August 2023**

## Committee Updates

The schedule below details those letters etc. that have been received since the Committee reports were drafted:

Application Details:	Item No.
<p>Case Officer: Chris Burton</p> <p>Ward: Hackelton and Grange Park</p> <p>Application No: WNS/2022/2402/EIA</p> <p>Construction and operation of an Anaerobic Digestion facility associated infrastructure and landscape planting. Application accompanied by an Environmental Statement</p> <p>Location: Land South of East Lodge Farm, Quinton Road, Courteenhall</p>	<h1>5</h1>

### Case officer clarification

### **Correction to Committee Report**

Within the planning policy section (4), the following paragraph should have been included. The application is not considered a county matter therefore the application is determined under the district policies. For completeness the Waste and Mineral Team in North Northamptonshire were contacted and confirmed that this application did not fall within their remit. It was their view that the scheme, due to its localised catchment area, would not impact on the wider Minerals and Waste Strategy.

At paragraph 2.4 the proposed tonnage should read 92,000 tonnes not 98,000 tonnes.

At paragraph 7.39 the committee report discusses the comments from Quinton Parish Council, this paragraph should be disregarded and replaced with the below.

*The comments from Quinton Parish Council have been noted. Initially the applicant had agreed to set up a police monitoring system to restrict HGV's from using the weight restricted route towards Quinton, however, following discussion with Highway's and other officer's it was felt such a scheme would not be legally enforceable as it would directly impact on existing HGV vehicles. The applicant*

*has also provided an indicative feedstock map which shows the vast majority of their feed stock would be sourced from the south of the application site, as such it would be disproportionate for any form of financial contribution to be sought to prevent HGV's from using the weight restricted route through Quinton. Instead, a condition has been added to the application that seeks to enforce an Operational Traffic Management Plan (OTMP) that will look to arrange a suitable HGV routing and scheduling. All users of the site will be made aware of the OTMP and must follow the measures stated.*

At 7.54 the paragraph should continue to read, As such, though it would be preferable to have all consultee responses in front of the committee, it is felt that there is a high degree of certainty that both consultees will return with a positive response.
