List of Appendices

Appendix A – Draft terms of reference of the Constitution Review Task and Finish Group

Appendix B – Constitution review proposal

1. Purpose of Report

- 1.1 The purpose of this report is to ask the Democracy and Standards Committee to undertake a review of the Constitution.

2. Executive Summary

- 2.1 This report seeks to establish and commence a Constitution Review process to be conducted through a Task and Finish Group of the Committee.

3. Recommendations

3.1 It is recommended that the Democracy and Standards Committee:

- a) establishes a Constitution Review Task and Finish Group to conduct a review of the Council's Constitution and subsequently make recommendations to the Committee for onward recommendation to Cabinet and Full Council;
- b) appoints Members of the Committee to the Task and Finish Group in accordance with the recommended composition set out at paragraph 6.3;
- c) agrees the draft Terms of Reference of the Constitution Review Task and Finish Group as set out in Appendix A;
- d) endorses the proposal set out in Appendix B and the review principles set out in paragraph 6.5;
- e) approves a consultation programme for the Constitution review as set out at paragraph [6.6];
- f) notes the anticipated timeframe for the review as set out at paragraph 6.8.

4. Reasons for Recommendations

4.1 The reasons for the recommendations are as follows:

- a) A review of the Constitution by the Democracy and Standards Committee was agreed by Full Council on 20th May 2021 and Cabinet on 8th June 2021.
- b) Conducting a review of the Constitution as proposed will help to ensure that it is legally compliant, complete, reflects the character and culture of the authority and supports decision making.

5. Report Background

- 5.1 West Northamptonshire Council was established on 1 April 2021 as a result of local government reorganisation that took place pursuant to the Northamptonshire Structural Changes Order 2021.
- 5.2 A West Northamptonshire Shadow Authority was established in the period leading up to 1 April 2021 to ensure the new unitary authority was ready to operate once established. One of the tasks undertaken by the Shadow Authority was the development of a Constitution for the new authority.
- 5.3 The Shadow Authority established a Member Task and Finish Group to progress the drafting of the Constitution. The draft Constitution was approved by the Shadow Executive on 21 February 2021 and the Shadow Authority gave final approval to the draft Constitution on 10 March 2021.
- 5.4 At the first West Northamptonshire Full Council meeting on 20 May 2021, several amendments to the Constitution were agreed. Council also resolved that: "*A further review of the Constitution be carried out by the Democracy and Standards Committee and referred to a future meeting of Council*". On 8 June 2021 Cabinet made the same resolution and approved those amendments that related to executive matters.

6. Issues and Choices

- 6.1 It was necessary for the Constitution to be developed relatively quickly during the shadow period before the authority came into existence, with a view to putting a core instrument in place.

place. A further detailed review of this fundamental governance document at this stage will be beneficial for several reasons:

- a) It will enable the Constitution to be improved to reflect the wishes of the Council during the first year of its operation;
- b) It will take account of consultation responses from various stakeholders, e.g. senior officers, elected members, parish councils, third sector organisations, the business community and the general public;
- c) It will also present an opportunity to ensure that the Constitution is entirely compliant with all current legal requirements, that the content is complete and the various components are properly cross-referenced.

6.2 It is therefore recommended that the Committee establish a Constitution Review Task and Finish Group to carry out a review of the Constitution supported by relevant officers. The Task and Finish Group would make recommendations about amendments to the Constitution to the Committee, which would then make onward recommendations to Cabinet and Council. Cabinet and Council would be asked to approve the recommended amendments to the Constitution in respect of those elements that each body has responsibility for, with Full Council being responsible for final formal approval of an amended Constitution.

6.3 It is recommended that the Task and Finish Group be composed of three members of the Committee.

6.4 It is recommended that the Committee approves the draft Terms of Reference of the Constitution Review Task and Finish Group as set out at Appendix A.

6.5 When the Shadow Council was developing the Constitution, the Member Task and Finish Group agreed the following principles, which enabled Members and officers to work together collaboratively to frame a new Constitution:

- Transparency – makes it clear what our rules are
- Accountability – explains clearly who makes which decisions
- Efficiency – keeps the cost of decision making down
- Accessibility – is accessible to all
- Inclusivity – encourages public participation
- Concise – describes what it needs to succinctly.

It is recommended that the Committee approves these same principles for application in this current Constitution review.

6.6 It is recommended that the Committee notes the anticipated timetable for the review set out below. The timeframe shown balances the need to ensure that the Constitution is up to date and fit for purpose as soon as possible against the need to carry out a thorough and detailed review. It is recognised that the timetable may need to change as the review progresses.

July 2021	29 th – Democracy & Standards Committee establishes Task & Finish Group, approves Terms of Reference, endorses constitution review principles, and approves consultation programme.
------------------	--

August 2021	1 st -31 st - Consultation on revisions to the Constitution in accordance with consultation programme agreed by the Democracy and Standards Committee.
September 2021	1 st -23 th - Task & Finish Group reviews consultation responses and makes recommendations for amendments in conjunction with officers supporting the Task and Finish Group. 30 th - Democracy & Standards Committee reviews findings and confirms recommendations.
October 2021	Executive Leadership Team inputs and reviews consultation responses and proposed amendments to the Constitution.
November 2021	9 th – Cabinet reviews and comments on proposed amendments to the Constitution. 25 th – Democracy & Standards Committee approves report recommending changes to Constitution for approval at full Council.
December 2021	2 nd – Full Council gives formal approval of changes to the Constitution.

6.7 The alternative choices are to not conduct a Constitution review, to commence the review at a later date, or in accordance with a different timetable. These options are not recommended as a need for a review has been identified and it is important to ensure the Constitution is fit for the new Council’s purposes and compliant with all current legal requirements as soon as possible.

7. Implications (including financial implications)

7.1 Resources and Financial

- 7.1.1 There are staffing implications in terms of the officer time required to support the Constitution review process. However, these requirements can be met with existing staff resources.
- 7.1.2 There are no financial implications arising directly as a result of the Constitution review process.

7.2 Legal

7.2.1 Under Section 9P of the Local Government Act 2000, every local authority is under a duty to prepare and keep up to date its Constitution. Section 9P requires the Constitution to contain:

- a) a copy of the authority's standing orders for the time being,
- b) a copy of the authority's code of conduct (if any) for the time being under section 28 of the Localism Act 2011,
- c) such information as the Secretary of State may direct, and
- d) such other information (if any) as the authority considers appropriate.

7.2.2 Regular review of the Constitution helps to ensure these legal requirements are met.

7.3 Risk

7.3.1 There are no significant risks arising from this report. Conducting a Constitution review process helps to reduce any risks that could arise as a result of the Constitution not properly supporting decision making and delivery of Council services.

7.4 Consultation

7.4.1 There are no consultation implications arising from this report. The report does set out a recommended programme for stakeholder consultation as part of the Constitution Review process.

7.5 Consideration by Overview and Scrutiny

7.5.1 Not applicable to this report.

7.6 Climate Impact

7.6.1 No climate or environmental impacts have been identified as arising from this report.

7.7 Community Impact

7.7.1 There are no direct community impacts arising from this report. However, any specific community impacts that arise from amendments to the Constitution will be considered at the time recommendations for amendments are made.

8. Background Papers

8.1 None.

Democracy and Standards Committee

Constitution Review Task and Finish Group

DRAFT TERMS OF REFERENCE

In accordance with the review principles approved by the Democracy and Standards Committee:

1. To identify, in conjunction with officers, areas of the Constitution that require review and consider proposed amendments.
2. To conduct a consultation exercise on changes to the Constitution with those stakeholders identified in the consultation programme agreed by the Democracy and Standards Committee.
3. To review consultation responses and consider any necessary amendments to the Constitution arising from them.
4. To report to the Democracy and Standards Committee recommending amendments to the Constitution for onward recommendation by the Committee to Cabinet and Council.

CONSTITUTION REVIEW PROPOSAL

Introduction

A council's Constitution should primarily be a locally driven document that reflects the character and culture of the organisation. It should facilitate council business, deliver consistent, efficient and effective decision-making and enable good governance. It should not create overly bureaucratic procedures but promote transparency, efficiency and democratic accountability.

Background

West Northamptonshire Council's Constitution was introduced at short notice during the shadow authority period, with a view to putting a core instrument in place. This was to be followed by a more detailed and thorough review once the new authority was up and running, to ensure the Constitution's legal compliance and completeness.

The Council's Constitution can be found using the following link:

<https://cms.westnorthants.gov.uk/media/79/download>

Legislation

Every local authority is under a duty to prepare and keep up to date its Constitution under [s.9P of the Local Government Act 2000](#).

The Constitution must contain:

- the standing orders/procedure rules
- the members' code of conduct
- such information as the Secretary of State may direct
- such other information (if any) as the authority considers appropriate

Constitutions must be available for inspection at all reasonable hours by members of the public and supplied to anyone who asks for a copy on payment of a reasonable fee.

Under [s.135 Local Government Act 1972](#), every local authority must make standing orders with respect to the making of contracts for the supply of goods or materials or for the execution of works.

Under sections [8](#) and [20](#) of the Local Government and Housing Act 1989, the Secretary of State may by regulations require local authorities to incorporate in standing orders relating to their staff, meetings and proceedings. Accordingly, the Local Authorities (Standing Orders) Regulations [1993](#), the Local Authorities (Standing Orders) (England) Regulations [2001](#) and the Local Authorities (Standing Orders) (England) (Amendment) Regulations [2014](#) and [2015](#), all require certain standing orders relating to staff and council proceedings to be included in the Constitution.

Furthermore, the Secretary of State issued guidance in the form of the [Local Government Act 2000 \(Constitutions\)\(England\) Direction](#) in December 2000, which required over 80 minimum requirements to be included within Constitutions. West Northamptonshire Council's compliance with these is outlined in the table below:

Procedure

The Democracy and Standards Committee has overall responsibility for reviewing the Constitution and recommending any proposed changes to Cabinet and Full Council for approval.

The Monitoring Officer has delegated authority to make consequential amendments to the Constitution to give effect to a lawful decision; as a direct consequence of a change made outside the council, e.g. a change in legislation; and to correct an error or resolve an inconsistency. All such changes are to be reported to Council.

Proposals

The Democracy and Standards Committee be asked to:

- approve an appropriate programme of consultation with members, officers and external stakeholders, e.g. public, media, businesses, parish council, etc, on what changes (if any) they would like to see made to the Constitution and how it might be improved
- consider recommendations from the Monitoring Officer on amendments to the Constitution to ensure it is lawful, fit for purpose and up-to-date

- put forward recommendations to full Council for approval

Ahead of this, it is recommended that the following issues be considered to ensure the new Constitution is legally compliant:

- Compliance with the Secretary of State's 2000 Direction (see above);
- Clarify what documents should comprise the Policy Framework – the plans listed in the Functions and Responsibilities Regulations have reduced over time, but some of these are still included, e.g. the Annual Library Plan. Do members and officers wish to take additional plans and strategies to Council as well as to the Executive, without such plans having to be approved by Council?
- Insert the Members' Allowances Scheme;
- Insert Councillor Call for Action procedures;
- Insert details of the Community Rights;
- Insert protocol for recording and publishing officer decisions;
- Ensure the Officer Scheme of Delegation is up to date, understandable and all encompassing. Does it distinguish sufficiently between executive and non- executive functions? Does it clarify sufficiently what decisions are reserved to members?
- Insert up to date and comprehensive table of Proper Officer functions;
- Clarify Employment Procedure Rules and insert more detailed description of roles and functions of statutory chief officers;
- Clarify who would exercise or allocate executive functions in the event that a Leader is not elected (and so no cabinet is appointed), i.e. should Executive functions be delegated to the Chief Executive in the absence of a Leader and Deputy?
- Clarify where responsibility and accountability lie for the council's involvement in companies, including reviewing whether officers and members act as company directors.

List of Appendices

None

1. Purpose of Report

- 1.1 The report sets out the statistics regarding the number of complaints received and dealt with, in respect of the Code of Member Conduct for the Committee's information.

2. Executive Summary

- 2.1 The West Northamptonshire Council (WNC) Constitution specifies that one of the purposes of the Democracy and Standards Committee is *to oversee and develop the Council's Code of Conduct and the overall standards of conduct for Council Members, co-opted Members, and Parish and Town Councillors of West Northamptonshire.*

3. Recommendations

3.1 It is recommended that the Democracy and Standards Committee:

- a) Notes the statistics in relation to the number of complaints received and dealt with, in respect of the Code of Member Conduct;
- b) Receives statistical data in relation to the number of complaints received and dealt with, in respect of the Code of Member Conduct, twice a year.

3.2 Reason for Recommendations

3.2.1 The recommendations are intended to enable the Committee to receive statistical data in relation to the number of complaints received and dealt with in respect of the Code of Member Conduct and thereby enable it to carry out its Standards responsibilities effectively.

4. Report Background

4.1 As detailed in paragraph 2.1 above, *“The Standards responsibilities of the Committee are to oversee and develop the Council’s Code of Conduct and the overall standards of conduct for Council Members, co-opted Members, and Parish and Town Councillors of West Northamptonshire.”* Therefore, statistical data in relation to complaints received and dealt with will be provided to inform this role of the Committee.

4.2 Details of any complaints that had been dealt with by the four predecessor councils – Daventry District Council, Northampton Borough Council, Northamptonshire County Council and South Northamptonshire Council - were provided to the Monitoring Officer and these have been included in the details of complaints as provided in paragraph 4.3 below.

Daventry District Council

1. Purpose of Report

- 1.1 The purpose of this report is to advise the Democracy and Standards Committee about the process for conducting a Local Government Boundary Review.

2. Executive Summary

- 2.1 This report seeks to establish a task and finish group to prepare the draft submissions on behalf of the Council in relation to the forthcoming Local Boundary Review which will be presented to the Committee and full Council.

3. Recommendations

3.1 It is recommended that the Democracy and Standards Committee:

- a) establishes a Local Government Boundary Review Task and Finish Group to prepare the necessary submissions in relation to Council Size and Ward Boundaries when required before consideration by the Committee and Full Council;
- b) appoints Members of the Committee to the Task and Finish Group in accordance with the recommended composition set out;
- c) agrees the draft Terms of Reference of the Boundary Review Task and Finish Group as set out in Appendix B;
- d) notes the guidance for preparation of the submission on Council size and agrees to have regard to the guidance in relation to the preparation of the draft submission.

4. Reasons for Recommendations

4.1 The reasons for the recommendations are as follows:

- a) West Northamptonshire Council was established by the Northamptonshire Structural Changes Order 2021 which adopted the existing County Council divisions as wards for the new Council with an expectation that a Ward Boundary Review by the Local Government Boundary Commission for England (LGBCE) would follow in the first term of the new Council.
- b) The County Council divisions demonstrate variances in electorate per Councillor which had it not been for reorganisation would have triggered a Ward Boundary Review in West Northamptonshire.

5. Report Background

5.1 The ward boundaries of West Northamptonshire were set by the Structural Changes Order to provide 3 member wards for each of the County divisions of West Northamptonshire with a total of 93 members. When a transition is undertaken in the way it has in Northamptonshire without a Ward Boundary Review to establish the wards for the new Council, the LGBCE will conduct a boundary review in the first term of the new Council to take effect at the next elections which in Northamptonshire will be in 2025.

Electoral Variances

5.2 The LGBCE will also contact Councils where the electoral variances in the area would be likely to trigger a review. In West Northamptonshire an analysis of the new wards shows that there are 3 wards which have 20% variances and a further 9 wards which have 10% variances. The usual rule is a single ward with a 30% variance or more than 3 wards with a 10% variance will trigger the contact. On this latter criteria the Council would have triggered a ward boundary review. Variances are calculated by showing the average number of electors per councillor based on the number of seats on the council and the total electorate. This average is then compared with the actual number of electors per councillor for each of the wards. Where there has been significant housebuilding the population will have gone up since the last review and therefore the number of electors per councillor is higher than in other wards. The LGBCE conduct reviews to ensure that Councillors on any local authority are representing similar numbers of electors. They do not ensure that Councillors in different local authorities are representing similar numbers of electors.

The variances for West Northamptonshire are attached at **Appendix 1** and these show the wards with the variances.

The Review

5.3 Once the LGBCE have decided to conduct a review they will contact the local authority to explain the process and discuss how the review will be conducted. The review is conducted in two stages:

- Council Size
- Ward Boundaries

Consultation will take place at each stage of the review with the Council and the public. The timeframe for the review will be determined by the LGBCE. The review itself will take some time to complete and the results of the review will need to be published in time to ensure that arrangements can be made including the arrangements for polling stations etc before the election in 2025. The initial indication is that the submission on Council Size will need to be made by April 2022 with the wider ward boundary review to follow.

Council size

5.4 The question of Council size is dealt with first as this will enable the second stage to agree the number of electors per councillor. Any number of councillors can be decided on and although there are large number of councillors (eg Buckinghamshire currently has 147 Councillors) where as some Councils have fewer than 30 Councillors. There has been some research on the average number of electors per Councillor across the different types of Councils. Unitaries for example tend to have a larger number of electors per Councillor than district councils. Appendix 1 shows the average number of electors per Councillor with different numbers of Councillors in West Northants. It also shows some figures for the average number of electors per Councillor in other similar councils including those that have been recently transitioned to unitary.

5.5 When the LGBCE conduct a review they will request that the Council itself and anyone else can make a submission as to what they think should be the Council size. They have produced helpful guidance on how to prepare a submission on Council size and what matters should be considered. The LGBCE will recommend a council size that, in its judgement,

'enables the council to take its decisions effectively, to discharge the business and responsibilities of the council successfully, and to provide for effective community leadership and representation'.

5.6 The full guidance is available at the following link <https://s3-eu-west-2.amazonaws.com/lgbce/Corporate%20Documents/Guidance/Council%20Size%20Submission%20Guidance.pdf>

Ward Boundaries

5.7 Until the Council Size question has been agreed it is not possible to determine the average number of electors per Council and therefore ward boundaries cannot be determined. The question of ward boundaries will only come up at the second stage. Once the Council Size has been agreed further submissions can be made by interested parties including the Council.

that stage detailed analysis of all relevant information will help to determine the boundaries of the wards.

- 5.8 The preparation of the submissions will require regular member engagement and it is therefore recommended that the Committee establish a Boundary Review Task and Finish Group to carry supported by relevant officers. The Task and Finish Group would prepare draft submissions which would then be considered by the full Committee before being referred to Council for approval and submission.
- 5.9 It is recommended that the Task and Finish Group be composed of at least 5 members and that it is cross party and representative of a variety of wards in different parts of the area.
- 5.10 It is recommended that the Committee approves the draft Terms of Reference of the Task and Finish Group as set out at Appendix B.
- 5.11 The alternative choices are not to make a submission. The LGBCE welcomes submissions as it helps them to understand the views of the Council. The Boundary Review will happen whether or not the Council prepares a submission.

6. Implications (including financial implications)

6.1 Resources and Financial

- 6.1.1 There are staffing implications in terms of the officer time required to support the review process. However, these requirements can be met with existing staff resources.
- 6.1.2 There are no financial implications arising directly as a result of the review process.

6.2 Legal

The Local Democracy, Economic Development and Construction Act 2009 ('the 2009 Act') s56 gives the LGBCE the power to review the electoral arrangements of all, or any, principal councils in England.

6.3 Risk

- 6.3.1 There are no significant risks arising from this report.

6.4 Consultation

- 6.4.1 There are no consultation implications arising from this report. When the review is conducted by the LGBCE there will be extensive public engagement which will be carried out by the LGBCE not the Council. The Council, individual members and residents can participate as consultees.

6.5 Consideration by Overview and Scrutiny

6.5.1 The responsibilities of the Council in relation to the conduct of the Council's response to the review sits with the Democracy and Standards Committee. Further review can be carried out by all members when the report is submitted to full Council.

6.6 Climate Impact

6.6.1 No climate or environmental impacts have been identified as arising from this report.

6.7 Community Impact

6.7.1 There are no direct community impacts arising from this report. However, any specific community impacts that arise from the review will be considered at the time that the preparation of the submission is made.

The total number of electors and councillors in each LA type result in considerable differences in representation ratios.

Overall CDs have a ratio of 1,694 electors per councillor, UAs 2,564, LBs 2,745 and MDs the most electors per councillor at 3,307.

There are wide differences within each type though: ratios in CDs range from 628 electors per councillor in Teesdale to 3,192 in Northampton;

UAs range from 1,039 in Rutland to 4,049 in Bristol, LBs from 1,826 in Kensington to 3,760 in Bromley; and MDs from 1,732 in Knowsley to 5,290 in Birmingham.

LAs also vary considerably in size in terms of both numbers of electors (in 2005 from 20,083 to 710,349) and councillors (from 24 to 120).

The Electoral Commission accept these differences as being the result of the historical development of political structures in England and acknowledge such differences are largely beyond their control (Electoral Commission, 2005a).
