Code of Conduct for the Forums

This Code of Conduct sets out the standards that the Forums expect of its members. It aims to provide members with an effective ethical framework in which to do business. It is not intended to be exhaustive, or to cover every eventuality, but sets out some common sense requirements to enable the forums to function smoothly and successfully.

It is the responsibility of the Chair to encourage and enable input from forum members, to ensure all voices are heard.

1. Meeting Etiquette

As an attendee you must comply with the following requirements and any others that may be stated from time to time:

- 1.1 Contribute positively to discussions concerning the issues of the meeting
- 1.2 Be friendly, polite, courteous and respectful at all times to fellow members, and others present
- 1.3 Not insult, abuse or use offensive language or behaviour
- 1.4 Comply with West Northants Councils Equal Opportunities Policy
- 1.5 Demonstrate actively that you are interested in and care about the issue that you are discussing and want to make a positive difference
- 1.6 Show respect for buildings, facilities and equipment being used
- 1.7 Speak only through the Chairman of the meeting and not interrupt, heckle, make distracting noises or gestures
- 1.8 Speak clearly into any microphone provided and comply with any instructions given about its use

2. Being Objective

- 2.1 Your own experience and views should inform, but not dominate or dictate how you participate.
- 2.2 If you have a specific issue with regards to a service matter to raise these can be discussed with a member of staff at the end of the meeting or you can ask for the appropriate officer details. Meetings attended by other residents are not the place to raise any issues of this nature.

2.3 Be Fair

2.4 You must have and show respect for the people you deal with, and take their circumstances and personal differences into account. This is about putting equality into practice. The key is simply to respect differences fairly, so that you do not exclude anyone, or treat anyone inappropriately or unfairly because of their particular circumstances.

Breaching the Code of Conduct

If any person's behaviour breaches this Code of Conduct, they will be required to leave the meeting and vacate the premises where it is being held. They will not be permitted to attend future meetings unless they provide satisfactory evidence to West Northants Council that they will comply with the Code – e.g. a letter of apology.

If you would like further information or if you would like to discuss the Code of Conduct please contact Vicki Rockall, Community Safety and Engagement Manager at vicki.rockall@westnorthants.gov.uk or on 01604 837074

Minutes of a meeting of the Disabled People's Forum held at on Thursday 9 June 2022 at 2.30 pm at Northampton's Guildhall and on Teams.

Present Martin DeRosario (Co-Chair), Beverley Mennell, Carl Weininger, Gill Chittenden, Christine Goodwin, Wendy Namruti, Graeme Wilson, Debs Burns, Debbie MacColl, Rashmi Shah for part of the meeting.

1. Welcomes, Introductions and Apologies

Everyone was welcomed to the meeting and introductions made around the room and screen.

Apologies were received from Cllr Alan Chantler (Co-Chair), Kit Nicolas and Neil Goosey.

2. Code of Conduct

Martin reminded everyone of meeting etiquette and asked they go through the Chair when wanting to speak by putting up their hand – either virtual or real..

3. Minutes of the Previous Meeting

Amendment – Beverley Mennell had given her apologies. Otherwise they were agreed to be a true record of the meeting.

4. Age UK - Getting Older with a Disability

Christine introduced herself and Wendy as Aging Well Co-ordinators. They worked with anyone over the age of 65 years. They had a relatively new project working with other providers such as NHFT, WNC, Primary Care, Carers and specific organisations such as Alzheimer's. The individual would have a 45 minute consultation with a GP, either face to face or virtually. Someone would visit the home with a laptop if required to enable the virtual consultation. The consultation would look at the person as a whole and the wider team could bring their skills to get the support required. The person would be able to ask whatever they wanted, there would be a medication review, adaptations could be looked at and other things that would help that person live a better life. There would be a lead GP for a group of Surgeries and it would be a person who had expressed a desire to do this. There was no charge for this service.

Surgeries would be looking at their patient list to try and identify those they had not seen for ages, nurses and other health practitioners could refer or individuals could self-refer. This way of working had started in October and was a new way of

agencies working together. Christine stated they were very keen to learn what groups and activities were going on so they could signpost and also to raise awareness of the project.

Age UK Northants activities were just getting going again after Covid – there were walking groups for those with mobility issues, including 1 to 1 walks. Currently establishing what else was out there to refer people to, also some people needed support to start attending groups as they did not have the confidence to go on their own.

Carl stated that rural communities were impacted more, especially around isolation, due to transport issues, there was the Door2Door service but it only operated within Northampton. Christine responded that they had recently discussed this very issue and there was some money in the pot but they needed to understand what and where the demand was.

Age UK Northamptonshire had, on occasions, to step in to help people where repairs were concerned and also assist with benefits. Martin stated that Covid had had a negative effect with the repairs and they were trying to get back on track but things might take a bit longer than pre-Covid.

There were a lot of information guides and factsheets available on the website which were also available to order as paper copies and a magazine called Engage. The Factsheets and Guides can be accessed through the link below. Indexes are attached to the minutes. The guides were easy read and available in large print and audio format.

[Age UK factsheets and information guides | Age UK](#)

If anyone would like more information about Age UK Northamptonshire, or have someone talk at their group, please contact Pandora in the first instance -

pandora.kenyon@ageuknorthants.org.uk

or tel 01604 611200. They would always go and talk to groups when invited which could lead on to more confidential talks with individuals.

Christine also explained the history behind Age UK– prior to 2011 there had been 2 charities Help the Aged and Age Concern which did much the same service but did not work together. They then merged to become Age UK. There were about 140-150 different Age UK's and Age UK Northamptonshire was about the 7th largest. Any donations to Age UK Northamptonshire should be made to that organisation, not the national Age UK.

5. Community Information Exchange

Debbie – As well as the International Day of People with Disabilities in December, the following week was Disability Awareness Week and Debbie asked if the Forum would like to explore doing something for the following year. This was agreed and will be looked at in a further meeting. Debbie also asked people to think about what they would like to cover for this year's IDPWD.

Graeme – Bad news in that the Annual National Disability & Activity Survey results show that participation levels by disabled people have fallen again & the gap between them & non - disabled people's activity levels have grown again! Disabled people reporting that they don't feel that physical activity is for them & they don't feel welcomed in sessions, so no connection, or motivation to do it! The full results & report can be read here:-

<https://www.activityalliance.org.uk/news/7243-latest-national-activity-survey-reveals-disabled-people-feel-forgotten>

Positive outcome for the Disabled People's Forum in that following Jim Hawkins from Northants County Cricket Club attending a previous meeting to consult with partners they've now started delivering Super 1s sessions for disabled people in Northampton & Rushden. <https://nccc.co.uk/community-hub/inclusion/>

Finally to finish with some good news! Maisie Summers - Newton, Will Perry & twin sisters Scarlett & Eliza Humphrey all from Northampton Swimming Club have flown out to Madeira to compete for Great Britain in the World Para Swimming Championships. Info and link for viewing sent out previously.

Carl raised an issue in rural communities where people with disabilities were wanting to downsize but stay in their local community but there were no suitable properties to move into. Carl to follow up with a conversation with Cllr Chantler.

6. Items for Future Meetings

DWP – benefits
WNC – public toilets
Police – Fraud Awareness

23. Date of Next Meeting

2.30pm Thursday 4th August, in Northampton's Guildhall and on Teams
