Q Space have recently delivered some training to Northampton Black Communities Together (NBCT). Very much started from the basics and will look to deliver more

training in the future. Discussed that many people of colour (POC) who are LGBTQ are not out to their families and need support and resources so will continue to forward information to raise awareness in this group.

Advised that when a speaker joins a session, NBCT have a follow up meeting and workshops to build on the initial session.

6. Community Information Exchange

NCF information:

- The Compton fund is limited this year, it currently has just over £10,000 available, it will be open for applications of up to £5,000 and the next deadline is 7th October. Applications will go to a panel at the end of November and applicants will be notified of the funding decision in the first week or so of December.
- The Constance Travis Endowment Fund for Northamptonshire will be opening for applications in June and awarding grants from July onwards. This will be a rolling programme, with no set deadlines and organisations will be able to apply for up to £3,000. Projects would need to be linked to one of the following local goals – no poverty, zero hunger, good health and wellbeing, quality education, gender equality, decent work and economic growth, reduced inequalities, sustainable communities, climate action and peace, justice and strong institutions.
- Queen's Institute Relief Fund for Northampton - grants up to £5000 for projects based in Northampton that are all about improving health and wellbeing. The next deadline for applications is Friday 5th August
- The Welcome Fund for Northamptonshire should hopefully be opening soon, which will provide grants to community groups and charities to provide a broad range of assistance to address hardship for refugees and/or people seeking asylum

In addition to information above, shared in the meeting, NCF are also looking to recruit a new Programmes Officer to join the Grants Team -
