List of Appendices

Appendix 1 - Proposed Decision Statement including Table 1, Examiner's recommended modifications and further editorial changes to the Harlestone's Neighbourhood Development Plan and actions to be taken

1. Purpose of Report

- 1.1. For Members to consider the recommendations of the independent examiner following the examination of the Harlestone Neighbourhood Development Plan (NDP), and seek approval to put the plan to referendum.

2. Executive Summary

- 2.1 The report summarises the process which has been followed to produce the Harlestone Neighbourhood Development Plan (NDP) and presents the outcomes of the independent examination, including the examiner's recommendations.

3. Recommendations

- 3.1 It is recommended that the Planning Policy Committee :
- a) Notes and welcomes the significant progress in making the neighbourhood development plan (NDP) by the Harlestone community.
 - b) Accepts the Examiner's recommended modifications in respect of the Harlestone NDP
 - c) Accepts the Inspector's recommendation that the NDP, as modified in accordance with recommendation (b), shall proceed to a referendum of voters within the Harlestone Neighbourhood Area.
 - d) Approves the proposed Decision Statement set out in Appendix 1, subject to items (b) and (c) above and any necessary factual alterations.
 - e) Agrees that delegated authority be given to the Interim Head of Planning Policy to make any further minor editorial changes be made to the Plan to address any factual and typographical errors and to reflect the fact that the document will be in its intended final form
 - f) Agrees that the costs of the referendum be met from the earmarked reserve for neighbourhood planning.

4. Reason for Recommendations

- 4.1 In order for a NDP to be "made" (adopted) the Neighbourhood Planning (General) Regulations 2012 ((SI 2012 No. 637) require the Council to make a decision on the examiner's recommendations before agreeing to send it to referendum.

5. Report Background

- 5.1 The Localism Act 2011 has introduced three types of neighbourhood planning. This includes a neighbourhood development plan, which is a plan making power allowing local communities to shape development in their area, and a neighbourhood development order, which is a mechanism for granting planning permission. When "made" (or adopted), NDPs will form part of the development plan alongside the Council's Part 1 and Part 2 Local Plans.

- 5.2 The Neighbourhood Planning Regulations 2012 set out the process an organisation (the “Qualifying Body” i.e Parish or Town Council) must follow when preparing a neighbourhood development plan (NDP) or order, once a neighbourhood area is designated.
- 5.3 A draft NDP is drawn up and consulted on, and then the NDP is submitted to the local planning authority. This is followed by an examination, following which the Examiner makes recommendations. These recommendations can be that the plan should not proceed to a referendum, that it should proceed to a referendum with certain modifications, or that it should proceed to a referendum unchanged. Then the local planning authority (West Northamptonshire Council) has to consider whether to accept the Examiner’s recommendations. In doing so the Council has to decide for itself if, with the proposed modifications, the plan would meet the basic conditions and would not contravene Convention rights or European Union obligations. The Examiner will also recommend, and WNC must decide, what area should be used for the referendum if one is held; this may be larger than the neighbourhood affected if the impacts are important to a wider area.
- 5.4 Generally, there would need to be a good reason not to accept Examiner’s recommendations, and the greater the divergence of WNC’s decision from the recommendations the stronger the justification would need to be.
- 5.5 If an NDP proceeds to examination, then if it is approved by a majority of those voting, the Council has a duty to ‘make’ the plan, at which point it becomes part of the statutory development plan for the Council. The Council must then publish a decision statement explaining what it has done.

6. Issues and Choices

- 6.1 Plan Preparation
- 6.2 Harlestone Parish Council (HPC), as the qualifying body, originally applied for the designation of a neighbourhood area in 2014 with the area originally being designated 2nd October 2014. Following a communities governance review, the boundaries of Harlestone parish were changed which necessitated a new application for the neighbourhood area. An amended application for the designation of the area to reflect the new boundary was received 18th June 2020. Following consultation on the application, the former Daventry District Council approved the application and designated the Harlestone Neighbourhood Area on 24th June 2020.
- 6.3 Following a launch event on 8th and 9th April, a draft NDP was published by HPC for the Harlestone Neighbourhood Area for Regulation 14 public consultation 11th April 2022 – 27th May 2022.
- 6.4 Following submission of the Harlestone NDP to the Council the plan was published for formal Regulation 16 consultation from 21st September 2022 – 2nd November 2022. The Council then, with the agreement of Parish Council, appointed an independent examiner, Rosemary Kidd MRTPI, to review whether the plan met the basic conditions (see para 6.5) and should proceed to a referendum.

6.5 NDPs are not tested for their soundness, but are tested to ensure they meet 'basic conditions', which are that:

- Having regard to national policies and advice contained in guidance issued by the Secretary of State it is appropriate to make the neighbourhood plan.
- The making of the neighbourhood development plan contributes to the achievement of sustainable development.
- The making of the neighbourhood development plan is in general conformity with the strategic policies contained in the development plan for the area of the authority (or any part of that area).
- The making of the neighbourhood development plan does not breach, and is otherwise compatible with, EU obligations.
- The making of the neighbourhood development plan is not likely to have a significant effect on a European site (as defined in the Conservation of Habitats and Species Regulations 2010) or a European offshore marine site (as defined in the Offshore Marine Conservation (Natural Habitats, &c.) Regulations 2007) (either alone or in combination with other plans or projects).

6.6 Examination Outcomes

6.7 The Examiner's report on the NDP was received 1st February 2023 and has been published on the Council's website. In her report, the examiner concludes that "subject to the recommended modifications being made to the neighbourhood plan. I am satisfied that the Harlestone neighbourhood plan satisfies the basic conditions and the plan should proceed to Referendum."

6.8 The main recommendations of the report relate to the deletion of Policy H8, confirmation of some local green spaces, but the deletion of others, clarification of wording of the policies and the supporting text and the improvement of the clarity of the policies map.

6.9 The Examiner also recommended that the Issues, Vision and Objectives were revised to help improve the clarity and focus of the plan. This involved the vision and objectives being revised to provide a more succinct and focused form of wording, which reduced duplication and repetition.

6.10 Policy H8 'Provision of well-designed energy efficient buildings and places seeks to encourage the design on new development to have a high level of sustainable design and construction. The Examiner makes reference to the West Northamptonshire Joint Core Strategy (WNJCS) policies S10 and S11, which already cover the criteria set out in the submitted neighbourhood plan policy. The Examiner considers that Policy H8 does not add any locally specific policies requirements and has recommended that the policy is deleted.

6.11 The Examiner has requested that amendments are made to the policies map to ensure the map covers the whole of the neighbourhood area and is placed in a more prominent position within the plan to aid usability.

6.12 The Examiner agrees that four local green spaces set out in Policy H5 (LGS4 local amenity area, LGS5 village playground, LGS6 allotments and LGS14 wildflower meadow) meet the tests set out in the NPPF for a local green space designation. The Examiner however has recommended that

14 of the 18 proposed Local Green Spaces (LGS) are deleted. LGS 7-9 form part of the golf course and form an open tract of land which would not be worthy of designation. The remaining proposed LGS are agricultural land used for grazing and crossed by public footpaths. The Examiner considered them to all be areas of open countryside and considered together would be an open tract of land, which would not satisfy the test in the NPPF. The Examiner notes that they are all within the conservation area and this affords them protection.

- 6.13 A schedule of the examiner's recommendations is set out in Table 1 to the Proposed Decision Statement, which is Appendix 1 of this report. The other main changes recommended by the examiner are:
- Policy H1 Design Principles and Policy H2 Conservation area – amend policies to improve their clarity and make clear which supporting guidelines should be referred to e.g. Harlestone conservation area CAAMP
 - Policy H3 Non-designated heritage assets – amendments to improve the clarity of the policy and provide distinction as to its relationship to the local list
 - Policy H4 Protection of Public Views – this amendment is to improve the clarity of the policy including the nature of the features that will be assessed and to address proposals that would improve the views. There is also additional supporting text explaining the role of green wedges and the Special Landscape Area to aid usability of the plan.
 - Policy H6 Windfall Sites – this policy requires amendments to ensure that it is in conformity with the development plan policies in the Joint Core Strategy and the Local Plan part 2, in particular policies RA3, RA4, RA5 and RA6, as well as supplying additional supporting text.
 - Policy H7 Housing for Older People – amendments to improve the clarity of the policy and how it is applied
 - Policy H10 Village facilities -includes an addition to show that the policy would support improvements or enhancements to the identified village facilities
 - Policy H11 Rural Diversification – amendments to ensure its conformity with WNJCS policy R2 and to add clarity.
 - Policy H12 Developer Contributions - amendments to improve the clarity of the policy and address a consultation response that include a reference to the improvement of cycle routes and bridleways
 - Non-Land Use actions to be revised to be 'Community Actions' to ensure it is clear that whilst these are issues that cannot be addressed by the neighbourhood plan, they are matters important to the local residents in the Parish.
- 6.14 The examiner stated in her report that it would be appropriate for the Council and qualifying body to be able to make consequential changes to general text as a result of her recommended modifications and to accommodate other administrative matters. The recommendations made by the examiner, the reasons for them and what action is proposed in response to each of these is set out in Table 1 to the proposed Decision Statement. The changes proposed by the Council to correct errors and make factual updates are marked as "accuracy changes" in Table 1. It is considered that the recommended modifications (including accuracy changes) should be approved to ensure that the NDP meets the basic conditions. Further changes may also be necessary to address any factual and typographical errors and to reflect that the plan will be in

its intended final form prior to the referendum. The revised NDP should then proceed to referendum in the Harlestone Neighbourhood Area to determine if local people support it.

6.15 Decision making process

6.16 The Council is required to issue its final decision on the NDP within five weeks of receiving the Examiner's report unless the Council and QB agree a different date. The Examiner's report was received on the 1st February 2023 meaning a decision would have to be issued by 8th March 2023. As this date aligns with the date of this meeting of Planning Policy Committee an agreement with the Parish Council for a later date was not needed.

6.17 Referendum

6.18 The referendum should be carried out for Harlestone Parish. This is recommended by the examiner and there are no reasons to differ from her recommendation. As set out in the proposed Decision Statement the date for the referendum is provisionally set for 20th April 2023. Prior to the referendum the suggested changes, including minor factual and typographical in nature, would be made to the NDP for it to be published as one of the specified documents in respect of the referendum.

6.19 The referendum would follow a similar format to an election. All those registered to vote within the neighbourhood area would be given the opportunity to vote. Voters would be given a ballot paper with the question (the wording of which is specified in the Regulations) "Do you want West Northamptonshire Council to use the Neighbourhood Plan for Harlestone to help it decide planning applications in the neighbourhood area?" Voters would be given the opportunity to vote "yes" or "no".

6.20 Making the Plan

6.21 If more than 50% of those voting in the referendum vote "yes" then the Council is required to "make" the plan. If the referendum is unsuccessful then the Council takes no further action and Harlestone Parish Council would have to decide what is wished to do.

7. Implications (including financial implications)

7.1 Resources and Financial

7.1.1. The Council is required to fund the examination and referendum. It is not expected that the cost of the referendum will exceed £3600. The council receives some financial support from the government to support neighbourhood planning, which is paid into an earmarked reserve. The costs associated with this Neighbourhood Plan are covered by revenue base budget, under the current arrangement. None of the funding or the reserve will need to be accessed to cover the costs of this referendum.

7.2 Legal

7.2.1 If the Council is satisfied that the plan, as modified, meets the basic requirements and all other statutory requirements, a referendum must be held.

7.3 Risk

7.3.1 There are no significant risks arising from the proposed recommendations in this report.

7.4 Consultation

7.4.1 The Council and Harlestone Parish Council have been informing and engaging residents throughout the process through informal and formal consultations.

7.5 Consideration by Overview and Scrutiny

7.5.1 Not applicable

7.6 Climate Impact

7.6.1 The neighbourhood plan must demonstrate that it meets the basic conditions, one of which requires the plan to contribute to the achievement of sustainable development. By meeting this condition, the plan will positively contribute to reducing the impact of climate change.

7.7 Community Impact

7.7.1 The Harlestone NDP has been subject to formal and informal consultation in accordance with the Neighbourhood Planning (General) Regulations 2012. A Consultation Statement was produced by the qualifying body which sets out the consultation and engagement activity undertaken, what comments were received and how the plan responded to these.

8. Background Papers

8.1 [Report of the independent examiner](#) into the Harlestone Neighbourhood Development Plan, 1st February 2023

8.2 Submission version of Harlestone Neighbourhood Plan 2022

Appendix 1 – Proposed Decision Statement
Harlestone Neighbourhood Development Plan Decision Statement
Regulation 18 of the Neighbourhood Planning (General) Regulations 2012 (as amended)

1. Summary

- 1.1 Following an independent examination, West Northamptonshire Council (the “Council”) now confirms that the Harlestone Neighbourhood Development Plan will proceed to a neighbourhood planning referendum.
- 1.2 This decision statement and copies of the Harlestone Neighbourhood Development Plan and its supporting documentation, including the Examiner’s report are available to view on the council’s website at
<https://www.daventrydc.gov.uk/living/planning-policy/neighbourhood-planning/>
- 1.3 Hard copies of this decision statement and the modified version of the neighbourhood plan are available for inspection at the following locations:
 - West Northamptonshire Council Offices (The Forum, Moat Lane, Towcester NN12 6AD and Guildhall, St Giles’ Square, Northampton, NN1 1DE)
 - Harlestone Stores, 58 Duston Road, Upper Harlestone, Northampton, NN7 4EH (Opening times: 9-12 and 1.15-5 Mon, Tues, Thurs and Fri, 9-12 Weds and Sat)
 - The Fox and Hound Public House, Harlestone Road, Lower Harlestone, Northants, NN7 4EW

2. Background

- 2.1 Harlestone Parish Council, as the qualifying body, applied for Harlestone Parish to be designated as a neighbourhood area on 18th June 2020. Following consultation on the application the council designated Harlestone as a neighbourhood area on the 24th June 2020.
- 2.2 The draft Neighbourhood Development Plan was published by Harlestone Parish Council for public consultation on 11th April 2022 and closed on 27th May 2022
- 2.3 Following submission of the Harlestone Neighbourhood Development plan to the council on 30th August 2022, the plan was published by the Council for consultation. The consultation period ran from 21st September 2022 to 2nd November 2022.
- 2.4 Following the submission consultation, the council, with the agreement of the parish council, appointed an independent Examiner, Rosemary Kidd, MRTPI to review whether the plan met the basic conditions required by the legislation and should proceed to a referendum.
- 2.5 Following the examination, the Examiner’s report was completed on 1st February 2023 and made available on the council’s website. The report concludes that subject to the making of the modifications recommended in his report the plan meets the basic conditions set out in legislation and should proceed to a referendum.

3. Decision and Reasons

- 3.1 The council has made the modifications proposed by the Examiner, to ensure that the plan meets the basic conditions. Table A below sets out these modifications and the action to be taken in respect of each of them. Depending on the recommended change, these are illustrated differently in the Decision Statement and set out below. All deletions will also be shown with a ~~striketrough~~.
- Modifications of wording by the Examiner are shown as **bold** or ~~striketrough for deletions~~.
 - Where the Examiner has not recommended specific wording and the council has had to interpret the recommendation and identify specific wording this is double underlined or ~~striketrough for deletions~~. This includes accuracy changes.
- 3.2 The Examiner has concluded that with the specified modifications the Harlestone Neighbourhood Development Plan meets the basic conditions and other relevant legal requirements. The council concurs with this view.
- 3.3 To meet the requirements of the Localism Act 2011, a referendum will be held which poses the question; 'Do you want West Northamptonshire Council to use the neighbourhood plan for Harlestone to help it decide planning applications in the neighbourhood area?'
- 3.4 The referendum will take place on Thursday 20th April 2023 and will be held at Harlestone Village Institute, Upper Harlestone, Northampton, NN7 4EH
