Development of Overview and Scrutiny work programmes for 2022/23

NB: The Co-ordinating Overview and Scrutiny Group considered the process to be used to develop Overview and Scrutiny work programmes at a meeting on 25 May 2022. The Group agreed that rather than go out to public consultation about suggestions for scrutiny topics as in 2021/22 it could be more useful to consider a survey of residents' views about Council services. This would enable areas to be identified where Overview and Scrutiny might help to alleviate issues. The Group also agreed that Cabinet Members should be asked to provide details of forthcoming issues within their portfolios that might be subject to pre-decision scrutiny. The chairs of the three Overview and Scrutiny committees have written to the Leader of the Council to progress these matters.
