

OVERVIEW AND SCRUTINY

TASK AND FINISH SCRUTINY REVIEW – DRAFT SCOPE

1. Topic

Child and adolescent mental health and the risk of self-harm.

2. Responsible Overview and Scrutiny Committee

People Overview and Scrutiny Committee (OSC)

3. Purpose of the scrutiny review

To examine the provision in West Northamptonshire of services and support for children and young people who may be at risk of self-harm, which help people not to reach the point where they require specialist health services and which enable people to access those services when this is required.

Key lines of enquiry

- What lower-level services and support are available to support the mental health and wellbeing of children and young people experiencing problems that might otherwise escalate to the point where they could lead to self-harm? Are the services and support provided by different organisations linked together effectively?
- What specialist health services are available to support children and young people who have a higher level of need? What are the routes in to these services? How accessible and how quick to respond are they in practice?
- What is the extent of self-harm by children and young people in West Northamptonshire, given previous data showing that the number of 15-19 year olds hospitalised for self-harm in Northamptonshire was above the national average? How does the latest position compare to that in similar authorities and what are the reasons for any differences?
- What opportunities exist to strengthen existing provision, if this is necessary, taking account of the current context in which service providers in West Northamptonshire are operating?
- *[Any others to be added]*

4. Outcomes

To make evidence-based recommendations to the West Northamptonshire Council Cabinet and/or other applicable decision-makers that are intended to contribute to the provision of effective services and support for mental health and wellbeing amongst children and young people in the area.

5. Approach

The scrutiny review will be carried out by a task and finish panel made up of the following councillors:

1. (Chair)
- 2.
- 3.
- 4.
- 5.

The task and finish panel will make use of the standard working methods applicable to scrutiny reviews, including evidence-gathering meetings (either in-person or virtual); desktop research; targeted evidence-gathering by individual members; and site visits, as appropriate.
