<b>Report Title</b>	<b>MOU between the Integrated Care System (ICS) and the Voluntary, Community and Social Enterprise Sector (collectively known as the VCSE)</b>
<b>Report Author</b>	<b>Russell Rolph, Chief Executive, Voluntary Impact Northamptonshire</b>

### List of Appendices

**Appendix A – MOU (ICS and the VCSE)**

**Appendix B – NHS Guidance on Embedding the VCSE into the ICS**

### **1. Purpose of Report**

---

- 1.1. This report tables an MOU between the ICS and the VCSE, an important element of NHS Guidance for all ICSs across the UK.

### **2. Executive Summary**

---

- 1.2. There is a requirement for all ICSs to embed the VCSE into their system, both at a strategic and Placed Based level. As part of this process each ICS should adopt an MOU (Memorandum of Understanding) between the system in all its component parts and the VCSE sector. The MOU is a set of high-level principles which both the system and the VCSE should adhere to. It does not prevent any other Terms of Reference which may be required in any other specific part of the system. The MOU should be reviewed annually by the Health and Wellbeing Board.

### **3. Recommendations**

---

That the Health and Well Being Board ratify and adopt the MOU.

### **4. Report Background**

---

- 4.1 The Integrated Care System went live in Northamptonshire on the 1<sup>st</sup> of July 2022. As part of the ICS framework there is a requirement (laid down by NHS Guidance) that the system embeds the

VCSE into its work. NHS England believe that the VCSE is vital to ensuring that the ICS delivers effective and economic services into communities and in that regard is an equal partner. Voluntary Impact Northamptonshire is the systems appointed choice as NHS VCSE Broker into the ICS and is the recipient of Health Equality Grant funding (known as Connect Northamptonshire) which amounts to £448K over the next three years. As NHS VCSE Broker, VIN is bringing the system wide MOU with the VCSE for consideration and endorsement.

## **5. Issues and Choices**

---

5.1 The MOU establishes a set of high-level principles which the system and the VCSE should work to. The success of the ICS in respect of the wider determinants of health will require new and intuitive ways of working to deliver different results for communities, and the VCSE has a role in supporting this as engagers, brokers and in the delivery of services. The VCSE is already represented in three of the four clinical collaboratives (Mental Health, ICAN and CYP) and has a VCSE Assembly populated with 380 members and 11 Thematic Groups. Over and above this, other networks have access to a further 1600 VCSE organisations and the value to Northamptonshire is considerable. By adopting the MOU, the Health and Wellbeing Board ratifies a commitment to working with the VCSE around a set of shared principles and undertakings. The board has several choices:

- To adopt the MOU.
- To adopt the MOU with amendments.
- To reject the MOU.

Rejection of the MOU will have implications on the relationship between the system and the VCSE, on which it might, could or should rely to deliver services, engage with communities, provide intelligence, assess impact, and support development and growth programmes.
